OPSoftware Product Descriptions

All Item411 packages Include:

Item411.COM Website access, Bid Wizard, Custom Pricing, up to 25 additional Item411 user logins and email support. Up to 25 within your organization can use the same Item411 login simultaneously. Individual logins allow you to limit access to sensitive bids or pricing plans.

Item411 Mobile App: Allows up to 25 users to connect to the Item411.COM site using iPad, iPhone, and Android devices.

My Presentations: Up to 25 users can create custom presentation-quality bids from Bid Wizard. Include your logo, company name, and product images for stunning bid presentations.

Item411 Base Plan: Includes Pricing and cross-references from all the top national office products retailers and warehouse clubs. Contact us for a current list of sources.

Add-ons

Item411 Commercial Power Channel: Includes pricing and cross-references for national business to business contracts from all the top office products retailers. Contact us for a current list of sources.

Item411 Web Public Sector: Includes state and local government pricing and cross-references for the most popular piggy-back contracts from the national retailers. Contact us for a current list of sources.

Facility Supply: Includes pricing and cross-references for the facility supply market from the top national retailers and contract providers. Contact us for a current list of sources.

GSA Advantage: Includes GSA Advantage pricing and cross-references continuously updated with details on top 5 sellers, median, high, and low prices.

Connect411: Connect411 connects your back-end computer system to Item411. Using Connect411 you can upload and download contracts from Item411 and post them to your back-end system. Keep contracts updated on a schedule to implement match-or-beat pricing. Connect411 can be used only with **DDMS and SSI**. It is not needed for Britannia V5 or Red Cheetah/Red Falcon.

Visit: www.opsoftware.com/connect411 for more information.
